Built on Trust. Driven by Service.

Kent iPhone Repair was founded on one simple idea: fast, honest repairs without the hassle. We're a local mobile service that comes to you - fixing your iPhone at home, work or wherever suits best. With over 250 five-star reviews and the best call-out prices in Kent, we've earned a reputation for quality you can rely on.

Real Repairs. Real Results.

Kent iPhone Repair has handled more iPhone repairs across Kent than any other mobile service - with over a decade of experience and thousands of happy customers. We come to you, fix your phone fast, and stand by our work with a no fix, no fee promise. It's expert repair, without the hassle.

7K+

We've completed over 7,000 iPhone repairs across Kent - including cracked screen replacements, battery issues, charging faults and more. Every repair is handled with care and completed at your location, making us one of Kent's most experienced mobile iPhone repair providers.

250+

With over 250 five-star reviews from satisfied customers, our reputation speaks for itself. Kent iPhone Repair is trusted for reliable service, fast turnaround, and great communication - whether we're fixing your phone at home, work, or wherever suits you best.

16 Years

Backed by more than 16 years of hands-on repair experience, we've seen (and fixed) it all - from broken iPhone screens to complex charging issues. Our long-standing presence in Kent means you're in safe hands with a local expert who knows the job inside out.

30 Mins

Most screen or battery repairs are completed in under 30 minutes - no need to visit a shop or send your phone away. We come to you, get the job done fast, and you're back to normal without the usual hassle or downtime.

What We Fix

From smashed screens to worn-out batteries, Kent iPhone Repair covers all common iPhone issues - and we do it all at your home or workplace. We specialise in iPhone screen repairs, battery replacements, charging port fixes, camera issues, and more. Our mobile service means no queues, no postage, and no downtime. Just fast, affordable repairs that come to you.

Services

Why Kent iPhone Repair?

Kent iPhone Repair isn't just another repair company - we're a trusted local service with a decade of experience and over 250 five-star reviews. We're fast, flexible, and fair, bringing expert iPhone repairs straight to your door.

About

Testimonials

I found Kent Repair after searching for a screen repair service. Messaged & got a quick reply from Sam. After a couple of messages I was booked in. Sam came to the house, I gave him my phone with the cracked screen, he went out to his vehicle & 10 mins later he was back with my phone & a new screen. Excellent, friendly & hassle free service would 100% recommend & probably the cheapest you'll find.

[Nina Batsford](#)

iPhone screen replacement

I booked my repair (smashed iPhone screen) and within 2hrs it was being repaired - without me even leaving the house. Very prompt response to messages and very friendly and polite service. I will definitely use Kent iPhone Repair again and will recommend them as well.

[Susan Chalk](#)

Same-day smashed screen repair

Such a great service, quick responses and quick fixes, Sam came to change my charging port on Saturday, unfortunately the damage was deeper than just the charger port so Sam came to my work place and fixed the problem within an hour, would definitely recommend if you need your phone fixed.

Our iPhone Repair Services - Mobile Call-Outs Across Kent

At Kent iPhone Repair, we fix your iPhone quickly and professionally - wherever you are in Kent. Whether your screen is smashed, your battery's worn out, or your charging port has failed, we come to you and complete most repairs in under 30 minutes. There's no call-out fee, and if we can't fix the issue, you don't pay.

We offer honest advice, and provide a stress-free mobile service trusted by over 250 happy customers across Maidstone, Ashford, Canterbury, Folkestone and beyond.

If your screen is cracked, unresponsive or not displaying properly, we'll replace it with a premium screen and get you back up and running fast. Repairs are done at your home, workplace, or anywhere convenient - typically in 20–30 minutes.

- Supports all iPhone models from iPhone 5 to iPhone 15
- No need to visit a repair shop
- Lifetime warranty available on selected parts

How It Works

Contact

Send your details

Start by sending a quick message with your iPhone model, a short description of the problem (e.g. cracked screen, battery not holding charge, won't turn on), and your location in Kent. The more detail you provide, the faster we can give you an accurate, no-obligation quote.

We come to you

Once we confirm availability, we'll arrange a convenient time to come to you - whether that's your home, office, driveway, or even a café. We cover all areas of Kent including Ashford, Maidstone, Canterbury, Folkestone, Dover, and surrounding towns. No need to visit a shop or post your phone.

We fix your phone

Most repairs - including screen replacements, battery swaps, and charging port fixes - are completed within 20 to 30 minutes, while you carry on with your day. All work is done on-site with Apple-quality parts, and you only pay if the issue is fixed.

We Cover All iPhone Models

We repair every iPhone from the iPhone 5 up to the iPhone 15 Pro Max, including:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max
- iPhone 13, iPhone 12, iPhone 11, iPhone XR, iPhone XS, iPhone X
- iPhone 8, iPhone 7, iPhone 6, iPhone SE (all gens), and iPhone 5

If you're unsure about your model or issue, just send us a message - we're happy to help.

Areas We Serve

We provide mobile iPhone repairs across the whole of Kent, including: Ashford, Maidstone, Canterbury, Folkestone, Sittingbourne, Dover, Herne Bay, Faversham, Thanet, and many surrounding towns and villages.

Wherever you are — we come to you.

What Our Customers Say

Prompt response to initial query yesterday. Arrived promptly this morning and had battery changed within minutes avoiding inconvenience for me having to go to a store. Very polite and courteous.

[Sinead de Nogla](#)

Battery replacement and call-out service in Ashford

I've used Sam a couple of times now, once to replace a battery and once a screen. Very well priced. He also comes to you and is very efficient in doing so. Will use him again 100%

Joe Temple

Screen and battery repair in Maidstone - mobile service

If I could give 10 stars I most definitely will, I have dropped my phone 2 times so far and both times they switched off and didn't come on anymore so I sent KiR a message and they got back to me quickly fixed a date and time to come look at the phone and fixed it all with a very reasonable price. Will most definitely recommend KiR to anyone with phone issues that needs a quick and solid repair.

iPhone Screen Repair in Kent – Fast Mobile Service

Need a fast iPhone screen replacement in Kent? We come to your home, workplace or even a café and replace cracked screens on the spot. Most jobs take less than 30 minutes, and all repairs come with our no fix, no fee guarantee.

What We Fix

We replace damaged iPhone screens of all kinds - whether the issue is cosmetic, functional, or both. Screen problems can worsen over time, so it's best to get them sorted quickly and professionally.

[**Book Now**](#)

Cracked or Shattered Glass

Dropped your phone and the screen's smashed? We replace broken glass on all iPhone models using high-quality parts - no need to struggle with a barely-usable display.

Unresponsive or Ghost-Touch Screens

If your screen doesn't respond to taps, or starts acting on its own, it's often a sign of internal screen damage. We'll install a fresh screen and restore smooth, accurate touch function.

Flickering, Discoloured or Black Displays

Flickering images, green lines, faded colours or no display at all can result from impact or internal screen faults. We'll diagnose and replace the screen right where you are.

Lines, Spots or Screen Distortion

If you see vertical lines, black dots, or parts of your display are missing - the screen likely needs replacement. We'll sort it on the spot with no downtime.

How Our Mobile Screen Repair Works

Contact

Send us your screen issue

Start by messaging us with your iPhone model, a brief description of the screen damage (e.g. cracked glass, black display, ghost touch), and your postcode or location in Kent. The more detail you provide, the quicker we can give you an accurate, no-obligation quote for your iPhone screen replacement.

We come to your location

Once confirmed, we'll arrange a convenient time to visit you - whether you're at home, work, school, or even a café. We offer mobile iPhone screen repair throughout Kent, including Ashford, Maidstone, Canterbury, Folkestone, and surrounding areas. No shops, no postage, no downtime.

We replace your screen on the spot

We complete most iPhone screen repairs in 20 to 30 minutes, using high-quality replacement screens for a seamless finish. All repairs are done on-site while you carry on with your day, and you only pay if the screen is successfully replaced.

iPhone Models We Cover

We carry replacement screens for nearly every iPhone model:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max
- iPhone 13, iPhone 12, iPhone 11, iPhone XR, iPhone XS, iPhone X
- iPhone 8, iPhone 7, iPhone 6, iPhone SE (all gens), and iPhone 5

If you're unsure about your model or issue, just send us a message - we're happy to help.

Areas We Cover for iPhone Screen Replacement

We operate across the entire Kent region including: Ashford, Maidstone, Canterbury, Folkestone, Sittingbourne, Thanet, Dover, and more.

Not sure if you're covered? Message us - we likely are.

Based in Ashford? We also offer on-site iPhone repairs in Ashford.

What Customers Say About Our Screen Repairs

The Team at Kent Iphone Repair totally lived up to their billing in other Google reviews. One day my phone just stopped responding to touch. Tried software updates but to no avail. I knew it was hardware but could not get an appointment anywhere quick enough for my needs. The friendly and professional engineer arrived at my office on the day of booking and fixed the device by swapping out the screen. Thank goodness the issue was not the motherboard. Great value for money given the convenience and quality of service.

[Paul Lovell](#)

iPhone screen repair at office in Maidstone - same-day call-out

Sam provides an excellent service at a fair price. Within 36 hours of first contact, the repair was carried out at my own premises. Highly recommended, I will definitely use again.

John McHutchison

Screen and battery replacement in Maidstone - mobile service

Sam was amazing, turned up when he said he would with little to no notice at all fixed my phone super quickly. I needed a second part fixing as well later down the line and again the service was second to none, good quick service, honest as well which is paramount. cant fault the service at all.

iPhone SE Battery Replacement in Kent

If your iPhone SE battery isn't lasting the day, it's time for a replacement. We offer fast, mobile battery replacements across Kent – completed at your location in under 30 minutes. No fix, no fee, and no hassle.

What We Fix

We replace faulty or worn-out iPhone batteries of all types - whether your phone won't hold charge, shuts off at random, or won't turn on at all. Battery problems can become worse over time, so it's best to have them checked and replaced early by a professional.

[**Book Now**](#)

Battery Drains Quickly

If your iPhone loses charge fast or needs topping up multiple times a day, it's often a sign that the battery's capacity has degraded. We'll fit a new battery to restore all-day power.

Unexpected Shutdowns or Restarts

iPhones that switch off at 30%, 50% or while idle typically have ageing or unstable batteries. We'll replace it with a reliable, high-performance part and test functionality on-site.

Overheating or Swelling

If your iPhone gets hot during charging or use, or if the screen looks slightly lifted, the battery could be damaged or swollen. This can be dangerous - we'll safely remove it and install a replacement.

Not Powering On at All

Sometimes, an iPhone that won't turn on just needs a new battery. If you're seeing no signs of life, we'll assess the issue and replace the battery if that's the cause - all done at your location.

How Our Mobile Battery Replacement Works

Contact

Send us your battery issue

Start by messaging us with your iPhone model, your postcode or location in Kent, and a short description of the battery problem (e.g.

fast drain, shutting down, won't power on). The more detail you include, the quicker we can provide a no-obligation quote and confirm availability.

We come to your location

Once booked, we'll arrange a convenient time to come to you - whether you're at home, work, school, or even out running errands. We offer mobile iPhone battery replacement across Kent, covering Ashford, Maidstone, Canterbury, Folkestone, and surrounding areas.

We replace your battery on the spot

Most iPhone battery replacements are completed in under 30 minutes, right at your location. We use high-quality, Apple-grade batteries for safe, lasting performance. All work is carried out on-site, and you only pay if the issue is fixed.

iPhone Models We Cover

We carry high-performance replacement batteries for:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max
- iPhone 13, iPhone 12, iPhone 11, iPhone XR, iPhone XS, iPhone X
- iPhone 8, iPhone 7, iPhone 6, iPhone SE (all gens), and iPhone 5

If you're unsure about your model or issue, just send us a message - we're happy to help.

Areas We Cover for iPhone Battery Replacement

We offer mobile iPhone battery replacements across the entire Kent region - coming to you wherever is most convenient. Our service areas include:

Ashford, Maidstone, Canterbury, Folkestone, Sittingbourne, Thanet, Dover, and many surrounding towns and villages.

Not sure if we cover your location? Just send us a quick message - we're almost always nearby.

What Customers Say About Our Battery Replacements

Fantastic service from Sam, arrived when he said he would and offered a 'no money' solution first of cleaning the contacts for my phone's battery first to see if that fixes it. It didn't so Sam returned with a new battery, installed it in minutes and couldn't have been more friendly and knowledgeable. Great price as well. Thanks a lot Sam, I'll be in touch again for any future repairs. Highly recommended.

[Adam Finch](#)

Battery diagnosis and screen repair at office in Faversham -same-day service

Sam came to repair my husbands phone. He didn't have the parts so he ordered them in and he kept us well informed throughout.

The service was great and I was offered a discount on a second repair. I would definitely use them again as the price could not be beaten.

Nav KC

iPhone battery and screen replacement in Herne Bay - on-site call-out

I have been using sam for many years.

He is very prompt, honest, reliable and doesn't charge excessive amounts.

He usually fixes my phones at our home within a day or 2 at most.

He usually has the items in stock to fix my phones or can get them the next day.

All parts are genuine apple products, unlike many places.

I would not use anyone else.

iPhone Charging Port Repair in Kent – We Come to You

Is your iPhone not charging properly? Does the cable feel loose, or the battery won't power up at all? At Kent iPhone Repair, we specialise in mobile charging port repairs - coming directly to your home, workplace, or wherever suits you best. Most dock connector issues are fixed on the spot in under 30 minutes, using high-quality replacement parts.

We cover the whole of Kent, including Ashford, Canterbury, Maidstone, Folkestone, and surrounding areas. There's no call-out charge, and you only pay if the issue is resolved.

What We Fix

We repair iPhone charging ports and dock connectors of all types - whether your phone won't charge at all, charges inconsistently, or the cable feels loose. Charging issues can appear suddenly or worsen over time, so it's best to get them professionally repaired before they lead to complete power loss.

[Book Now](#)

Loose or Unstable Charging Port

If your charging cable wiggles, falls out easily, or only charges at certain angles, the port may be physically worn or damaged. We'll replace it to restore a secure connection.

iPhone Not Charging

No response when plugged in? If your iPhone doesn't show the charging symbol or never increases in battery, your dock connector may be faulty or shorted.

Port Blocked by Dust or Debris

Lint, dirt or corrosion inside the charging port can stop power from reaching the battery. We'll clean and restore the connection - or replace the port if needed.

Phone Appears Dead But Charges After Repair

Some phones seem completely dead but revive after a new charging port is installed. We'll assess the fault and carry out the repair on-site if it's the cause.

How Our Mobile Charging Port Repair Works

Contact

Send us your charging issue

Start by messaging us with your iPhone model, your postcode or location in Kent, and a short description of the charging issue (e.g. won't charge, loose port, only works at an angle). The more detail you provide, the faster we can assess the likely cause and provide an accurate quote.

We come to your location

Once confirmed, we'll arrange a time to visit - whether that's your home, your workplace, or even a car park. We offer mobile charging port repairs throughout Kent, including Ashford, Canterbury, Maidstone, Folkestone, and surrounding areas.

We repair your charging port on-site

Most charging port repairs take 20–30 minutes, completed at your location while you carry on with your day. We use high-quality dock connector parts and only charge if the issue is fixed. No postage, no queues, and no downtime.

iPhone Models We Cover

We repair charging ports on most models, including:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max
- iPhone 13, iPhone 12, iPhone 11, iPhone XR, iPhone XS, iPhone X
- iPhone 8, iPhone 7, iPhone 6, iPhone SE (all gens), and iPhone 5

If you're unsure about your model or issue, just send us a message - we're happy to help.

Areas We Cover for iPhone Charging Port Repair

We offer mobile iPhone charging port repairs across the Kent region - coming to your location wherever is most convenient. Whether you're dealing with a faulty dock connector, a blocked port, or no charge at all, we'll get you powered up quickly on-site.

Our service areas include:

Ashford, Maidstone, Canterbury, Folkestone, Sittingbourne, Thanet, Dover, and many surrounding towns and villages.

Not sure if you're in our coverage area? Just drop us a quick message - we're almost always nearby.

How It Works

Contact

Send your details

Start by sending a quick message with your iPhone model, a short description of the problem (e.g. cracked screen, battery not holding charge, won't turn on), and your location in Kent. The more detail you provide, the faster we can give you an accurate, no-obligation quote.

We come to you

Once we confirm availability, we'll arrange a convenient time to come to you - whether that's your home, office, driveway, or even a café. We cover all areas of Kent including Ashford, Maidstone, Canterbury, Folkestone, Dover, and surrounding towns. No need to visit a shop or post your phone.

We fix your phone

Most repairs - including screen replacements, battery swaps, and charging port fixes - are completed within 20 to 30 minutes, while you carry on with your day. All work is done on-site with Apple-quality parts, and you only pay if the issue is fixed.

We Cover All iPhone Models

We repair every iPhone from the iPhone 5 up to the iPhone 15 Pro Max, including:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max
- iPhone 13, iPhone 12, iPhone 11, iPhone XR, iPhone XS, iPhone X
- iPhone 8, iPhone 7, iPhone 6, iPhone SE (all gens), and iPhone 5

If you're unsure about your model or issue, just send us a message - we're happy to help.

Areas We Serve

We provide mobile iPhone repairs across the whole of Kent, including: Ashford, Maidstone, Canterbury, Folkestone, Sittingbourne, Dover, Herne Bay, Faversham, Thanet, and many surrounding towns and villages.

Wherever you are — we come to you.

What To Do If Your iPhone Gets Wet

Your iPhone just got wet. Here's what to do if your iPhone gets wet in the next five minutes — and what not to do. Do This First (The Next 5 Minutes Matter) 1. Get it out of the liquid immediately and power it off Don't unlock it, don't check for damage, don't take a photo of the situation. Hold the side button and power it off as fast as you can. Water causes damage by conducting electricity through components that aren't meant to carry it. The longer the phone is on and we

Common iPhone Mistakes That Shorten Battery Life

Many iPhone battery problems are not caused by faults or defects. In most cases, battery health declines faster because of everyday habits people do not realise are harmful. If your iPhone battery seems to drain quickly or struggles to last a full day, one or more of these common mistakes could be the reason. These are the most common iPhone mistakes that shorten battery life, even when the phone is still relatively new. Common iPhone Mistakes That Shorten Battery Life Over T

Why Does My iPhone Slow Down Over Time?

If you're asking why does my iPhone slow down even during basic tasks, the cause is usually a mix of storage, battery health, and everyday usage habits. Many iPhone users notice performance drops after months or years of daily use, even if the phone looks fine on the outside. The good news is that slower performance is usually caused by a few common factors. Some are easy to manage, while others point to underlying hardware wear. Here is what actually causes an iPhone to slow

[About](#)

About Kent iPhone Repair

Kent iPhone Repair is a trusted mobile repair service that specialises exclusively in iPhone repairs – including screen replacements, battery swaps, and charging port fixes – all done on-site at your home or workplace.

Unlike traditional repair shops, we don't make you queue, send your phone off, or wait days for a fix. We come to you in our fully equipped mobile workspace and complete most repairs in under 30 minutes.

Why We Exist

Too many iPhone users waste time and money on shops, postage delays, or poor-quality parts. Kent iPhone Repair was built to offer a

better alternative - fast, reliable, on-site repairs with no call-out fees and no surprises.

We believe every customer should feel confident handing over their phone. That's why we use high-grade components, communicate clearly, and only charge when the issue is successfully resolved.

What We Do

At Kent iPhone Repair, we specialise in fast, professional repairs for all iPhone models - from the iPhone 5 to the latest iPhone 15 Pro Max. We don't cover every type of tech - we focus purely on iPhones, so every service we offer is highly experienced and quality controlled.

Every job is carried out by a trained technician at your location - no call-out fees, no need to visit a shop, and no delays. If you're unsure about your model or the issue, just get in touch - we'll help diagnose the problem and give a clear, no-pressure quote.

[Services](#)

iPhone Screen Repairs

Cracked, smashed, unresponsive or flickering displays replaced using high-quality parts - usually in under 30 minutes.

iPhone Battery Replacements

For devices that drain quickly, shut down unexpectedly, overheat or won't turn on at all. We replace batteries on-site, same-day in most cases.

[Learn More](#)

iPhone Charging Port Repairs

Fixing dock connectors that won't charge, feel loose, or are blocked with debris. We replace or clean ports depending on what's needed.

[Learn More](#)

Where We Operate

Our mobile service covers most of Kent, including:
Ashford, Maidstone, Canterbury, Folkestone, Dover, Sittingbourne, Thanet, Herne Bay, Whitstable, and the surrounding villages.

If you're slightly outside these areas, get in touch - we may still be able to help.

Based in Ashford? [See our Ashford iPhone repair service](#) for fast, on-site support in your area.

What Makes Us Different

- Mobile Repairs – We Come to You
- No Fix = No Fee
- Repairs in 20–30 Minutes
- Apple-Quality Parts
- 250+ 5-Star Reviews from Kent Customers
- Clear, Fair Pricing – No Hidden Costs

Testimonials

I found Kent Repair after searching for a screen repair service. Messaged & got a quick reply from Sam. After a couple of messages I was booked in. Sam came to the house, I gave him my phone with the cracked screen, he went out to his vehicle & 10 mins later he was back with my phone & a new screen. Excellent, friendly & hassle free service would 100% recommend & probably the cheapest you'll find.

Nina Batsford

iPhone screen replacement in Ashford

I booked my repair (smashed iPhone screen) and within 2hrs it was being repaired - without me even leaving the house. Very prompt response to messages and very friendly and polite service. I will definitely use Kent iPhone Repair again and will recommend them as well.

Susan Chalk

Same-day smashed screen repair in Maidstone

Such a great service, quick responses and quick fixes, Sam came to change my charging port on Saturday, unfortunately the damage was deeper than just the charger port so Sam came to my work place and fixed the problem within an hour, would definitely recommend if you need your phone fixed.

Abbie Lawton

Charging port repair in Canterbury

Frequently Asked Questions

How do I book an iPhone repair in Kent?

You can text or message us with your iPhone model, your issue, and your postcode. We'll confirm availability and give you a price before booking you in.

Do you come to homes or workplaces?

Yes - we repair iPhones at homes, offices, schools, cafés, even in car parks. Wherever suits you.

Is there a call-out charge?

No - all visits are free. You only pay if the issue is fixed.

How long do repairs take?

Most repairs (screen, battery, charging port) take 20–30 minutes once on-site.
